## SCHOOL/MINISTRY NEWSLETTER

October 2021

"THANK YOU  
FAMILY"

**Dear Friends,**

Thank you so much for your kind patience. It has been a few months since our last update.

Once again, thank you for your continuous prayer and support. We had been doing various things. Its been a time of renewing and reopening. We are very excited to share the updates from the past couple of months.

In personal news, in July we moved our home from lovely Northampton to lovely Darlaston which is around 70 miles North to Northampton. Our new address can be found below.

### Vision

*To provide an excellent education to children rooted in Christian values from the Word of God.*

### Mission

*Teach and Share the love of Christ in words, acts and thoughts towards everyone.*

### School update

Finally we have reopened our school this month. The building had a good clean and repairs done. The school site was made welcome for the children.

Due to the delay in starting school and also COVID restrictions, coupled with lack of school's own transport, the school's attendance has dropped. We started with 5 children on roll. We believe as time progresses we will be able to provide COVID compliant transport for children from nearby villages.

### Greens on site

We have been growing vegetables and fruits on site and they have been growing really well. The trees have been growing healthy and have been fruitful.

## Staff Update

Some of our team members went through some COVID related challenges and also other health issues. Praise God, they have come out of it all.

As a team we are looking to change our present curriculum. We were using a company to support us to deliver the Montessori curriculum, sadly due to its founder passing away due to COVID, the company is unable to support us from next academic year.

We will be implementing Accelerated Christian Education curriculum. Teachers are getting ready to be trained. Its exciting, but more news will follow in the January Newsletter.

## Village visits

Our teachers have continued to visit villages until end of July. Due to local COVID restrictions, we had to stop it temporarily.

During the visits, teachers taught the children Numeracy and Literacy skills across the Primary School aged children. Altogether around 30 children benefitted from it.

Food Distribution  
October 2021

## Food distribution

Due to COVID the food distribution was interrupted during the months of August and September.

We resumed it from October 2021.

As the food distribution continues, the relationship between the lovely families and us have grown too. Some of the families have started to work and don't need food supplies, but the relationship still continues. The children are still very much excited to see the distributors coming into villages.
